The Social Media Links section lets you update social media icons and links that appear on the webpage. To update social media links start by clicking on 'Social Media Links' in the left navigation panel.

The 'Social Media Links' section displays a list of social media links present on the webpage.

Anage Content Settings	Marketing Tools >> Social Media Links >> Add/Edit Social Media Links				
> Q SE0	Social Media Links				
	Social Media Channel: Twitter				
	Social Media Link Urt: #				
	Profile Name: Demo Televox Site 👻 *				
	Social Channel Loon: twitter				
	Order Number: 2				
	Status: Active v				
	SAVE X CANCEL *Required Fields				

• Social Media Channel: The channel you wish to add a link for to your webpage.

- Social Media URL: A URL that will redirect users to your social media profile.
- **Profile Name:** The business profile you wish to add this link to. (Televox users will only see the profile assigned to them).
- Social Channel Icon: This field will autofill with the icon that will appear on the webpage.
- **Order Number:** The position of the social media link on icon on the page with reference to the other social media links present.
- **Status:** Selecting 'Active' here will display the social media icon on the webpage. Selecting 'Inactive' will remove the social media icon from the webpage.

Editing Existing Social Media Links

Step 1: To edit an existing social media link you will need to return to the 'Social Media Links' section and click on the 'Edit' icon corresponding to the social media link you wish to edit.
